

Dynapoint II from Dynabrade

Run 7" (178 mm) Long Cartridge Rolls for NINE TIMES Longer Abrasive Life!

- Only Tool on the Market to Run 7" (178 mm) Long Cartridge Rolls
- Deburr, Blend and Clean with Side or Tip of Abrasive
- Offset Housing Allows for Improved Maneuverability over Standard Die Grinder
- Two-Hand Operation Provides Greater Control

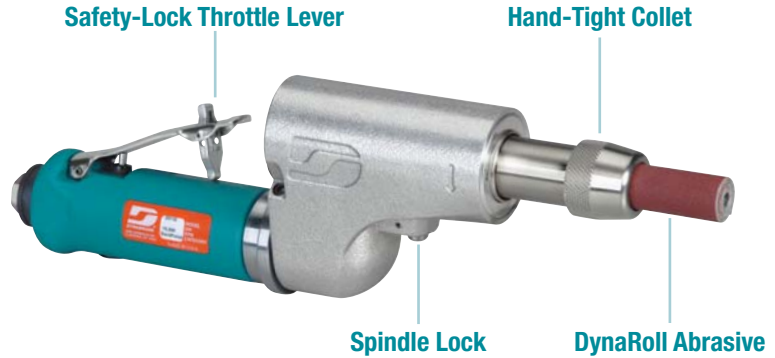

Dynabrade .7 hp Dynapoint II

Dynabrade adds to our unique offering of Abrasive Finishing Tools with the Dynapoint II, which runs 7" (178 mm) long cartridge rolls – over 5" (152 mm) longer than a standard roll! With the ability to run 1/2" or 3/4" diameter rolls, the Dynapoint II can blend in corners and radiuses without constantly changing abrasives, saving you time and money.

Model 20110 15,500 RPM

- Ability to run 7" long abrasive roll means less downtime changing out abrasives.
- Abrasives are hand-tightened for quick and simple adjustments.
- Extended DynaRoll abrasive allows the Dynapoint II to deburr in hard-to-reach areas. (Maximum reach of 3-1/2" with 3/4" dia. cartridge roll.)
- Perfect for many industries including stainless steel, wheel and rim production, small machine parts, and more!
- Includes 3/4" dia. cartridge roll. 1/2" dia. cartridge roll also available (see below).
- Safety-lock throttle lever prevents accidental start up.

Model Number	Motor hp (W)	Motor RPM	Spindle Speed	Cartridge Diameter	Maximum Air Flow SCFM (L/Min)	Hose I.D. Size Inch (mm)	Air Inlet Thread	Air Pressure PSIG (Bar)	Weight Pound (kg)	Length Inch (mm)	Height Inch (mm)
20110	.7 (522)	20,000	15,500 RPM	3/4"	37 (1,048)	3/8 (10)	1/4" NPT	90 (6.2)	3.5 (1.6)	12.3 (311)	3.8 (96)

NOTE: Dynabrade tools undergo continuous in-house evaluation. Therefore a tool specification may be updated from the value shown above. For the most current specifications of any tool, please visit Dynabrade.com.

Tune-Up Kit: No. 98623

Optional Cartridge Roll Kit

Part No. 20142 1/2" Diameter

- Includes abrasive cartridge, bushing and collet.

DynaRoll Abrasives

7" Long, 5 per Pack Aluminum Oxide

- DynaRoll abrasives last nine times longer than standard cartridge rolls!

P/N	Dia.	Grit	P/N	Dia.	Grit
90616	1/2"	50	90680	3/4"	50
90623	1/2"	60	90681	3/4"	60
90624	1/2"	80	90682	3/4"	80
90625	1/2"	120	90683	3/4"	120

When grinding into a corner, the 7" long DynaRoll abrasives last **nine times** as long as the industry standard 1-1/2" long cartridge rolls, saving you time and money!

DYNAPOINT II FEATURES AND TIPS

Model 20110 – Dynapoint II

- Offset housing allows for improved maneuverability over standard use with a Die Grinder, and 2-hand operation yields greater control.
- Ability to run a 7" long abrasive means less downtime changing out abrasives.
- Abrasives are hand-tightened for quick and simple adjustments.
- The ability to use an extended abrasive allows the Dynapoint II to deburr in hard-to-reach areas.
- Applications:
 - Sanding small parting lines
 - Deburring using the side or tip of the abrasive roll
 - Blending radiuses

Abrasives

- 3/4" diameter roll is included with the tool; the 1/2" kit (p/n 20142) must be purchased to run 1/2" rolls (Coated abrasives only)
- Insert roll into tool with grit marking first.
- Maximum extendable cartridge roll length
 - 3/4" diameter roll is 3-1/2"
 - 1/2" diameter roll is 3"
- Rolls need to be broken in to achieve a tapered or pointed edge. Rolls can be broken in to conform to many different angles
- ***THE CARTRIDGE ROLL MUST BE INSERTED SO THE ROLL EDGE FACES AWAY FROM THE DIRECTION OF ROTATION TO PREVENT UNRAVELING***
